

Request under Freedom of Information Act 2000

**Request Ref: NGFOI 18/19: 653**

Thank you for your request for information received at Northampton General Hospital NHS Trust (NGH) on 28/02/2019.

I am pleased to be able to provide you with the following information:

*I would like to know how many urology patients are waiting and over due for appointments in integrated surgery excluding the urology centre.*

**There are 41 new routine urology referrals awaiting appointments. These have all been received within the last month and are actively being booked into clinics.**

**2 week wait urology referrals are being booked within time.**

**There are currently 2376 urology patients waiting for follow up appointments. 1187 of these are overdue. Some patients included in this list are due for urology centre appointments. However, we are unable to deduce how many.**

**A plan is in place to reduce the urology patient waiting list.**
