Thank you for your request for information received at Northampton General Hospital NHS Trust (NGH) on 20/05/2019.

I am pleased to be able to provide you with the following information:

If you were to split out your children's A&E attendances by type what would the main issues be and what would it demonstrate about preventable causes for attending A&E?

If you can provide me with the main presenting complaints – number and % over the last year that you have readily accessible data for that would be really helpful
