I write in response to your request under the Freedom of Information (FOI) Act.

I confirm that the Trust holds the information you requested. Please see the replies, set out against your questions, below:

*For the months of 2019 between Jan – November could you please break down your off framework/ off payroll agency spend by cost (highest to lowest) by recruitment company.*

*Could this be completed separately for doctors and nurses.*

**Please see below for Doctors**

Month	Non Framework agency Spend
January	£0
February	£0
March	£0
April	£0
May	£0
June	£0
July	£0
August	£0
September	£0
October	£827.64 – RM Medics
November	£0

RM Medics is a framework agency that were suspended from the framework from 17/10/2019 - 11/12/2019. One shift was worked with RM Medics week ending 20/10/2019 and so is counted as off framework.

I can confirm there was no off framework nursing agency spend.
