

What happens now?

The background of the lower half of the page is a light blue stained glass pattern. It features three vertical panels separated by thin blue lines. Each panel is filled with intricate designs of leaves and circular motifs, reminiscent of traditional stained glass art.

... making arrangements
following a death

appy

**“just the way Mum
wanted it”**

When you lose a family member it is very comforting to know you can turn to another family for support

You can trust **Hollowells Funeral Directors** to help you arrange a personalised funeral that is right for you and your family, wherever you are across Northamptonshire

www.hollowells.co.uk

THE HOSPITAL BEREAVEMENT SERVICE (LOCATED AT THE EVELYN CENTRE*)

**see location map on page 12:*

Open 9.00am - 4.30pm Monday to Friday

Patient Advice and Liaison Service (PALS) / Bereavement Service can provide advice about taking the next steps and the practical arrangements that follow a death in the hospital. There is a dedicated Bereavement Officer within PALS who is available if you experience any difficulties or would like advice. Please telephone **(01604) 523489** or **(01604) 523454**. Many issues can be dealt with over the telephone, or you may prefer to make an appointment to see a member of the PALS / Bereavement team.

Child and Adolescent Bereavement Service (CABS)

Children and Adolescents experience the death of someone close in much the same way as adults. However children do experience the passage of time differently and may seem to overcome grief quickly. It is important that the grief of a child or adolescent is not overlooked. Wherever possible they should be included in the funeral arrangements. The Child and Adolescent Bereavement Service is able to offer help to families/children and adolescents (up to the age of 18 years), and can offer one-to-one counselling. The service can be contacted on (01604) 545131.

Hospital Chaplains

You may wish to speak to a Chaplain/Priest or other faith representative following the death of a loved one. The Hospital Chaplains represent all the main Christian Churches and there is always a Hospital Chaplain available. The Chaplains are also able to make contact with other faith representatives and will be happy to do that on your behalf if you wish. The Chaplains can be contacted directly on **(01604) 545773** or via main switchboard on **(01604) 634700**.

The Health Partnership Team

The Health Partnership Team provides an assessment of need of adult patients who are in hospital which includes guidance and support for bereaved carers. A bereavement can sometimes mean practical and social difficulties as well. The Health Partnership Team on **(01604 545360)** could advise or direct you for help if you are a carer, need benefit or housing advice.

Organ and Tissue Donation

Tissue donation can help thousands of people each year. Donated tissue such as heart valves, bones, tendons and eyes can save or dramatically improve the lives of many people suffering from illness or injury.

Thanks to the generosity of our donors and their families, thousands of people every year receive life-transforming tissue transplants. Northampton General Hospital works in partnership with NHS Blood and Transplant to support the option of tissue donation. Almost anyone can be considered as a tissue donor. A specialist nurse from NHS Blood and Transplant may call you, or another family member, to discuss the option of donation for your loved one. The specialist nurse will provide enough information to enable you to make the decision that is right for you.

Throughout the donation, the donor is treated with respect and dignity. After donation our specialist team will ensure the donor maintains a natural appearance. Tissue donation will not delay funeral arrangements.

If you wish to speak to a specialist nurse about tissue donation, please call 0800 432 0559.

CONTACTING THE FUNERAL DIRECTOR

If you have not already done so, the most important thing to do, as soon as possible, is to contact a Funeral Director.

The Funeral Director will take full responsibility for arranging the funeral on your behalf, and can guide you through the various practical concerns you may have.

The Funeral Director will also be responsible for arranging and collecting any other paperwork that may be required such as cremation forms, which they will request from the hospital.

PAYING FOR A FUNERAL

The cost of a funeral can vary a lot. Before making any arrangements you should check how the funeral will be paid for. The deceased may have contributed to a scheme or policy. They may have savings, a prepaid funeral plan or life insurance policies.

It is a good idea to contact more than one Funeral Director to get an idea of the cost of a funeral. Do not be afraid to discuss ways of reducing costs with the Funeral Director.

You might be able to seek financial help if you are receiving benefits such as Income Support, Family Credit, Housing Benefit or Council Tax Benefit.

Please contact the Department of Work and Pensions, **Bereavement Telephony Service on 0845 60 60 265** for advice.

SEEING THE DECEASED IN HOSPITAL

If you wish, you may see the person who has died, before they are taken to the Funeral Director's chapel of rest.

Please telephone the Bereavement Service and they can make arrangements on your behalf. Alternatively, you can contact the mortuary direct between 8.30am - 4.30pm Monday - Friday, and 8.00am - 12 noon on Saturday. Please note that under normal circumstances viewing is not possible at night or during the weekend. The mortuary staff can be contacted on **(01604) 545014**.

PROPERTY AND PERSONAL EFFECTS

Patients' property and valuables, not already collected at the time of death, will be sent to The Patient Finance and Property Office for safekeeping **or**, if there are a few outstanding items, may be sent to the Evelyn Centre to be collected at the same time as the Death Certificate (Medical Certificate for the Cause of Death) by the next of kin or Executor of the Will.

NB. A letter of consent from the next of kin or power of attorney and identification will be required if collecting belongings on their behalf.

The Patient Finance and Property Office is open: 9.00am to 4.30pm Monday to Friday and can be contacted on **(01604) 545779**.

THE DEATH CERTIFICATE (MEDICAL CERTIFICATE FOR THE CAUSE OF DEATH)

- **It is important to make arrangements with the Bereavement Service with regard to the collection of the death certificate, as individual circumstances need to be taken into account and may affect when the certificate is ready.**

**In the first instance, please telephone:
(01604) 523489 or (01604) 523454
(However, if the death occurred on Critical Care Unit
or in A&E, please see pages 6 and 7)**

We endeavour to issue the death certificate as soon as possible so that the person who has died can be released from our care at the hospital into the care of the Funeral Directors.

It may be possible to issue the certificate at the time of the person's death. However, sometimes there are reasons why this may be delayed:-

- One of the patient's own team of doctors need to complete the certificate and they may not be able to do so immediately.
- Bank holidays and weekends may further delay when the certificate will be ready for collection.
- The doctors may need to discuss the patient's case with HM Coroner, this is routine if the patient has been in hospital less than 24 hours, has undergone recent surgery or has suffered a recent fracture. Generally, after speaking with the Coroner, the doctor can proceed with issuing the death certificate.

DEATHS ON CRITICAL CARE UNITS, A & B

Patient deaths that have occurred on the Critical Care Unit (CCU) are generally managed by the medical and nursing staff of the unit itself, as this is where they have been receiving specialist care. We would advise you to liaise with CCU in the first instance who will be able to provide you with information with regards to when the death certificate can be collected or whether the death has been referred to the Coroner (please see *“When the Coroner is involved”* on page 7).

CCU can be contacted directly - Unit A (01604) 545542 or Unit B (01604) 545544.

The Bereavement Service (Evelyn Centre) can be contacted for any additional advice and support on (01604) 523489 or (01604) 523454.

SUDDEN DEATHS IN THE A&E DEPARTMENT

Often, when a patient dies in the Accident & Emergency Department (A&E), their death is unexpected. In most cases, the hospital has to inform the Coroner. The doctor referring the death will seek guidance as to whether or not they can issue a Medical Certificate of Cause of Death. If not, the Coroner may ask the GP (family doctor) to complete the certificate, or they may wish to investigate the death further. **Please read the section on “When the Coroner is involved” on page 7.**

If you have any questions, please ring the Bereavement Service on (01604) 523489 or (01604) 523454, 9.00am – 4.30pm, Monday to Friday or Out of Hours, the A&E department can be contacted on (01604) 545610.

When the Coroner is involved

In some situations, including sudden or unexpected death, the Coroner will have to be informed. When this happens, the Certificate showing the cause of death cannot be issued until the Coroner is satisfied as to why the patient died. This process may cause a short delay. Sometimes, in order to achieve a cause of death, the Coroner may order a post-mortem examination.

Following a post mortem and when the cause of death is established, the Coroner will inform the family of the cause of death and provide the Registrar directly with the information in order that the family can register the death and make arrangements for the funeral to take place. In these cases, there is **no paperwork** for the family to collect from the hospital or the Coroner's office. During the time when a post-mortem is to be performed, the Coroner's Officer will keep in close contact with the family or next of kin to keep them up to date.

If the family doctor had seen the patient recently, it is sometimes possible for the family doctor to sign the certificate. If this is the case the Coroner's Officer will inform you. The Coroner's Officers are responsible for helping you through this process. They can be contacted through the Northamptonshire Police as follows: Tel. **101**, if calling within the county of Northamptonshire, otherwise please telephone **03000 111 222** and request the Northampton Coroner's office.

GOOD PRACTICE REVIEW

It is routine and good practice at NGH to look back at the care received by all patients who have died in hospital. This is done by doctors and nurses from across the Trust who look in detail at the patient's medical record to help identify good care and learn how to improve care for patients in the future.

POST MORTEM EXAMINATIONS (ALSO KNOWN AS AUTOPSIES)

Coroner's post-mortem

A Coroner's post-mortem examination is performed by an independent pathologist, who has been instructed by the Coroner to establish the cause of death. This type of post-mortem is a legal requirement and will not need the bereaved family's consent. The next of kin cannot prevent a Coroner's post-mortem, even if it conflicts with the family's faith-tradition.

Hospital post-mortem

A doctor may ask relatives for a hospital post-mortem, if they feel that additional information can be gained. This post-mortem is not compulsory and relatives have the right to refuse.

If the relatives agree, a doctor will explain to them, in detail, what a hospital post-mortem entails, and will require written consent.

REPATRIATION

If you wish to repatriate the body (move the body to another country), it is vital that you discuss this with the Registrar at the Registration Office and also a Funeral Director, as various additional papers have to be issued. Most commonly, a “Free from Infection” (FFI) document has to be issued by the hospital, and an “Out of England” Order must be issued by the Coroner, which has to be paid for.

CREMATION

The Bereavement Administrator may ask you if you are planning a burial or cremation service. If a cremation is chosen, then cremation papers will need to be issued. The hospital will arrange for the appropriate medical staff to complete the necessary forms, which the Funeral Director will arrange to collect from the hospital. The fees for cremation papers will be included in the funeral bill.

HOW TO REGISTER A DEATH

Once you have obtained a certificate showing the cause of death, an appointment should be made to register the death. The County Council's preferred method of booking an appointment is on the internet at www.northamptonshire.gov.uk/registration. Alternatively you can telephone using the contact number below.

The certificate should then be taken to the Registration Office in Northampton or, if more convenient, to one of the other six Registration Offices within Northamptonshire. (If a Coroner's post-mortem has been undertaken, please advise the Registration Office when you ring to make an appointment.)

Northamptonshire Register Office

Northamptonshire	(by appointment only) Monday - Friday
Central Library*	9.00am to 5.00pm
Abington Street	Tel:- 0300 126 1000 (option 3)
Northampton	(for Northamptonshire)
NN1 2BA	lines open 8:00am to 6:00pm

* See location map shown on page 12

The Registrar will ask you a few details about the patient, as follows:

- Full name of the deceased, which includes maiden name for married women
- Date and place of death
- Date and place of birth
- Last known address of the deceased
- Occupation
- If married, the full name, date of birth and occupation of spouse (surviving or deceased).

The whole process should take approximately 30 minutes and the Registrar will provide you with the following documents:

- A Certificate of Burial or Cremation (Form 14 - green form), to be given to the Funeral Director.
- A Certificate of Registration of Death (Form BD8 - white form) to be sent to the Department of Work and Pensions.
- Government booklet entitled 'What to do after a death in England and Wales' which is a detailed guide on what you must do and the help you can get in respect to the various issues that arise following a death.
- Information regarding the Tell Us Once Service, offered by Northamptonshire County Council, which will allow you to inform local and central government ONCE of a bereavement. More about this service can be found on the following website www.gov.uk/tell-us-once.

For a small charge the Registrar can issue you with as many copies of the Death Certificate that you may require for insurance companies, banks and building societies, etc., as photocopies are generally not acceptable.

Please Note: An appointment to register the death should not be made prior to notification from the Hospital Bereavement Service that a death certificate has been issued.

For further information about the registration service please visit www.northamptonshire.gov.uk/registration.

A FEW WORDS OF ADVICE

It is not possible to say exactly what everyone will experience in his or her grief and in his or her sense of loss. Each of us will experience our grief in a unique way, and no two people are entirely alike. Individuals from different cultures will have different ways of mourning and of supporting each other. However, on the other hand, there are several experiences in grief, which are common to everybody.

Emotional feelings such as shock, a sense of disbelief, anxiety, depression, guilt, anger, and an overall feeling of numbness may all be common. Often these are accompanied by physical symptoms of grief such as breathlessness, disturbed sleep patterns, difficulty in swallowing; if these symptoms persist do contact your local doctor who will be glad to help.

Some do's and don'ts of grief

Do express your feelings as much as possible.

Do talk through what has happened and what you are feeling with someone you can trust (e.g. a close member of family, a friend or support group).

Do keep in contact with friends and family. Remember that most people will be happy to be asked to help. However, often people may feel awkward and embarrassed about offering help.

Do choose a Funeral Director that you like and trust.

Do contact any of the voluntary and support organisations listed in this booklet if you need someone to talk to.

Don't hide your feelings; try to bring out into the open what you maybe feeling.

Don't rush into having the funeral right away unless it is the practice or culture or religious tradition.

Don't make any major life changes whilst you are still grieving. Give yourself time and space to think about any such changes, and discuss them with others.

Don't neglect yourself! Try to eat well and get plenty of rest.

Don't let others rush you into anything before you are ready. But remember that sometimes you may not know when you are ready for something unless you give it a try.

It can take months, even years, to fully grieve the loss of a loved one; and remember our grief is an experience through which we will begin to live life anew.

ABINGTON

FUNERAL SERVICES & MONUMENTAL MASONRY SERVICES

*When choosing
a Funeral Director...*

- The main questions you will have is how will I know which one is right for me?
- Who is capable of providing the advice and support I need?
- Who understands my need's to make this a personal service for my loved one?
- And who will give me the confidence of knowing my loved one is in safe hands?

You can be assured that we offer the individual care and support that only an independent funeral director can offer. We have both the commitment and experience to ensure that you and your loved one are indeed in safe hands.

Dignity[®]
CARING FUNERAL
SERVICES

Providing quality funeral service with care,
compassion and dignity

"We are here to help you every step of the way"

Let us begin by offering our condolences. At a time when you have far more important things on your mind, let us ease the burden of the paperwork.

Kilby Fox is a leading firm of Accountants based in Northampton. We understand how complex dealing with someone else's Estate can be. We can assist you in obtaining probate and the administration of an Estate. All monies and assets remain in your control. We offer advice and support throughout and endeavour to draw matters to a conclusion as soon as possible.

To find out more about the services we can offer, please contact us on 01604 662670 or email advice@kilbyfox.co.uk.
